JUNIOR ACHIEVEMENT PROGRAM AT EVERGREEN

ROHNERT PARK, CA - Thirteen teachers at Evergreen School are beginning a Junior Achievement program, with volunteers from Summit State Bank, Exchange Bank, Rancho Cotati Rotary and Santa Rosa Rotary. From February to mid-April, volunteers from these organizations will present lessons about business and economics. The five-lesson series is standards based and developmentally appropriate for each grade level.

These lessons are very timely given the condition of the world-wide economy. The lessons will provide students a better understanding of how economics affect themselves as individuals and their families, as well as their community, state and country. In addition, this program brings together the Evergreen community and these businesses and service clubs in an effort to make learning meaningful.

The teachers involved are Nancy Aiona, Karen Coset, Marianne DeLaMontanya, Connie Holbrook, Ramona Kelsey, Nikki Lane, Judi Lutsky, Amanda Olivares, Samara Stevens, Tracy Uwins, Kate Wickman, Denise Ybarra, and Josh Cutler.
