

WEEKLY UPDATE

COTATI-ROHNERT PARK
UNIFIED SCHOOL DISTRICT

February 14 - February 17

CAPS Network

CRPUSD has been participating in the CAPS Network for the past five years. School teams have attended multiple sessions each year to learn how to effectively implement PLCs. The recurring challenge we face is the limited time we have to give teachers to hold these meetings on a regular basis. Elementary principals have been considering various options to find time within the school day to allow for this important work to happen. We are hoping to find common ground to implement this idea so that we can positively support student learning and achievement. Principals want to work with teachers and are open to ideas.

Planning for a Successful Retirement
